

NEW ATTACK BY AUSTRIA LOOKED FOR

ITALIANS PREPARING FOR NEW OFFENSIVE BY AUSTRIANS. OFFENSIVE ON THE PIAVE HAS BEEN A FAILURE.

AUSTRIA OUTCLASSED

Italian Army Would of Driven Enemy Across Piave but for the Nature of the Fighting. Compared to Italian Fighting.

Italian Army Headquarters June 21.—The second phase of the Austrian offensive featured by attacks to the right and left of Valstanna along the Brenta and in the mountains should logically begin soon now that the effort on the Piave has failed. It is felt if the Austrians do not renew the efforts to penetrate into the plains through the Brenta region and taking Monte Grappa it would be an acknowledgment of a defeat. The situation is still regarded as very serious and all preparations have been made to meet any new offensive.

Along the Piave the Italian positions are virtually unchanged. The Austrians are fighting well according to the Italians, but the latter are outclassing them. It is believed the Italians would have driven the Austrians back across the river before this but for the nature of the open fighting which an American said on his front reminded him of the Indian method in the old days. Night fighting and bush whacking methods are necessary although they are not favored by the military authority because of the confusion and danger of firing upon their own men especially where large bodies of troops are engaged. Another difficulty has been the similarity of color between Italian and Austrian uniforms.

Fighting Decreases. Although there is much sharp fighting there are many lulls during which the only action of the army watching the bombing operation of the rival armies.

Must Hold Position. The fighting on the Montello plateau continues very severe and the loss of this position would be more important than the withdrawal from a few kilometers of ground along the Piave. The position there is a strategic one, which is crossed by the railways each of which constructs a separate line of defense. Many of the troops are still shown with dead, and the Austrians are now pushing back from the points he won in the first fight.

Austrians Driven Back. The Austrians are in the offensive but only half of the plateau, but now they have only about one-third including many of their best positions such as the town of Nervesax, which has been set on fire by the Italian artillery.

No Fear is felt in Venice that the Austrians will get there. The correspondent on visiting the Venetian front the absence of excitement and no intention to leave on the part of the inhabitants.

Large stocks of bandages which the American Red Cross has in hand in Venice for the last few months are being most useful to the Italian wounded.

Enemy Patrols. Considerable losses were suffered at Chateau Thierry and in the Woerthe region. General Pershing reported today. In Chateau Thierry and Woerthe a gain in Lorraine artillery fighting continues.

Fail to Widen Front. The efforts of the Austrians to widen the northern salient on the Montello plateau toward the west, have failed. Premier Orlando informed parliament tonight. Toward the south the premier stated, the Austrians again succeeded in crossing the Monte Salona railway at several points near the Nervesa station, but was promptly stopped. On the lower Piave the Italians gained more ground. The enemy's losses during the day were enormous. The premier added, the Italians took several hundred prisoners.

Expect Results. Paris, Havre Agency, June 21.—Grave events are impending on the British front according to military experts, who see in the intensity of German cannonading at various points the prelude to a German attack on the British front.

Further Raids. London, June 21.—Further extensive raiding and patrol operations were carried out by British troops last night in the Arras region on the front

Grain Supply Of European Russia Has Been Cut Off

[BY ASSOCIATED PRESS.] Moscow, June 21.—Czechoslovak control of sections of the Trans-Siberian railway has completely cut off rail and wire communication between Siberia and Russia and has resulted in depriving European Russia of the Siberian grain supply. The Czechs have now controlled the southern section of the railway from Semera on the Volga river to Tselinogradsk and the Siberian main line on the east to Novo-Nikolayevsk, also the northern branch from Tselinogradsk to Tokatorburg.

The conflict between the Czechoslovak forces and Soviet government forces, which began when the Soviet government attempted to enforce the order of Leon Trotsky, minister of war, to disarm all the Czechoslovak forces on their way to Vladivostok on their way over seas. Clashes occurred at several places.

The Czechoslovak organization originally numbered about 10,000 men, of these nearly 20,000 reached Vladivostok. The remainder involved in an effort to resist the disarmament army, which centered about Tselinogradsk. War Minister Trotsky ordered the mobilization of the Volga region of all men of the last five military classes to move against the Czechoslovak forces.

to the south toward Albert. Attempts by the Germans to regain the ground won yesterday by the British near Merris on the Flanders front were repulsed today the war office announced.

Paris, June 21.—French troops last night carried out operations on the front southwest of Seisson which resulted in an improvement of their position in the neighborhood of Faberolles. A similar improvement was near Hautesnes, the war office makes the announcement today.

ON DEFENSIVE.—The Austrian offensive against Italy apparently has resolved itself into a defensive movement. Both in the mountains and along the Piave while facing the 135th division, the Austrian government is being harassed in Vienna and elsewhere by popular outbreaks caused by food conditions.

Italy, however, is making repeated attacks against the enemy position west of the Piave and have gained some ground. Franco-Italian troops have re-occupied important positions. Wednesday the bag of Austrian prisoners aggregated nearly 2,000, bringing the total capture to 11,000.

Vienna, in its official statement, admits its troops are on the defensive and is content to report that all Italian attacks especially along the Piave have been repulsed. The Italian position, west of the Piave probably are in a more precarious position than at any time since last Saturday.

ARE DRIVEN BACK.—Around Montebelluna, on the northern end of the Piave line the Austrians have been driven back slightly. Their efforts to advance near Zenson near the center of the line have failed. The Italian counter attacks are gaining strength. The Italian counter attacks are gaining strength. The Italian counter attacks are gaining strength.

HEAVY RAINS.—Heavy rains are reported in the mountainous and hilly areas. The situation in the Piave which already has washed away many bridges. With the flooded river behind the enemy the Italian counter attacks are gaining strength.

STILL RIOTING.—Riots are reported in the suburbs of Vienna and 100,000 workmen in the city are on strike. The situation apparently is growing beyond control of the civil authorities, and martial law in the Austrian capital is not unlikely.

AMERICANS BUSY.—The American troops appear to be the only ones who are busy in France and Belgium and the actions which have occurred there have not been extensive. West of the front, American troops in short engagements have cleaned out German trenches and machine gun nests at Cantigny. Most of the German troops were killed while a number were made prisoners. Berlin official claims that German troops have penetrated the American trenches at Zonneville. This is shown by the fact that the American troops from the Americans which said, "the penetration was only an attempted raid by sixty Germans."

Announcement made by the French transport Saint Anna with the loss of 633 lives. The vessel was sunk on May 10 and 1512 of the soldiers and native workmen on board were saved.

Airships To Cross The Atlantic Said To Latest Plans

[BY ASSOCIATED PRESS.] Washington, June 21.—Big American air and seaplanes should be flying across the Atlantic to reach the front by next summer, Major General Banker of the British air ministry, said here today in a formal statement to the press. He is in Washington to co-operate with American aircraft officials and believes a pioneer trans-Atlantic flight should be attempted without delay.

An enterprise which must be carried out as soon as possible, he said, is the flight of the Atlantic. There is no reason why a considerable number of airplanes and seaplanes should not cross the Atlantic next summer. General Banker disclosed the fact the British air council had definitely decided upon a trans-Atlantic flight in order to find a route for American seaplanes to the front. His mission had to do with the arrangement for the pioneer flight in which it is hoped the United States government will co-operate. General Banker said, "The better can the air be employed to winning the war. Once this has been established, American output of big bombing machines can proceed. Europe by air and sea is so valuable for other purposes."

It is expressed the initial flight will be made this autumn, possibly a seaplane, starting from Newfoundland and touching at Azores and Portugal before arriving in Ireland. It has been estimated the trip can be made in forty hours of flying. Plans under consideration call for a crew of four men composed of engineer, release of pilot, and navigating officer.

AMHERST COLLEGE HAS DEVELOPED SOLDIERS [BY ASSOCIATED PRESS.] Amherst, Mass., June 21.—As typical of what New England colleges are doing, Amherst College, although not a military institution, has prepared a battalion of college students for service in the war. These young men, for the most part below the draft age, have been trained as a part of the college's military training corps. Some of the college's military training corps. LEADING AMERICAN ACE REPORTED TO BE MISSING AFTER FIGHT

[BY ASSOCIATED PRESS.] Paris, June 21.—The leading American ace in the French Flying Corps, First Lieut. Frank L. Bailey of New Bedford, Mass., is missing after a fight with four German machines. On June 17 Lieut. Bailey and Serg. Vobodnet and Naclari of the Stork Squadron had finished several hours patrolling and were about to return at twilight when they sighted a single seater airplane. They paid little attention to it, believing them to be British. It was not until the machines were turned out and all seized an opportunity to attack Bailey. Bailey attempted to make the offensive against the German, but his machine caught fire and fell after 24 few moments about six miles within the German line. Sergeant Naclari thinks Lieut. Bailey may have had a good landing if he escaped death in the flames of his burning machine.

Specialists And Expert Fighting Soldiers Will Compose 86th Division

[BY ASSOCIATED PRESS.] Rockford, Ill., June 21.—When the 86th division is ready for the battle it was announced at Camp Grant today it will be the finest body of picked specialists and expert fighting men that has ever represented the United States in a battle. The division is under way to weed out all mental and physical misfits from the combat unit. Army experts say the "Black Hawk" division will be the super-soldiers of the overseas force. It is said the seasoned soldiers of Illinois and Wisconsin, who make the nucleus of the regiment, are entirely new recruits now are above the usual army standard after nearly a year of training in camp. Those who failed to measure up to the high standard fixed by the Black Hawk division will be transferred to some branch of the service where their services will be most valuable.

Church Review Of Germany Does Not Agree With Kaiser

[BY ASSOCIATED PRESS.] Amsterdam, June 21.—The German Quarterly Church Review, the first section of which is published by the Kreuz Zeitung of Berlin, seems likely to make unpleasant reading for Emperor William, in view of his frequent utterances in praise of the piety and high morality of the German people. The Review declared that the fact of the people has become a mere abject "bucconism" of the latter lack of discipline and religion among the people. Our youths, with their easily gotten money in their pockets, swollen with selfish interests are entirely contemptuous of restraint and continuance.

Confusion reigns in numerous of the administrative government departments as to what is right and wrong. The highest law seems to be profligate and amusement.

Lamenting the laxity of present German morals, the Review gravely condemns the proposal emanating from Cologne to legalize bigamy, which provision the document takes quite seriously. This addition is interesting because it is recalled the proposal at the time it was made was presented by eminent Germans as a mere freak unworthy of serious attention. The Review, which is couched in the most pessimistic tone, expresses the fear of damage to the angelical state church unless it succeeds in coming to an indifference of the people to religion.

TWO LOCAL BAKERS

FINED \$10 A PIECE

Paul F. Gherke and T. E. Reilly must
pay \$10 to Red Cross for Al-
leged Violations of Food
Regulations

For alleged carelessness in making
their reports to the food administration
and failure to observe the Mis-
cellaneous food regulations, the food
authorities of the United States de-
termined to use two Janesville bakers,
Paul F. Gherke and T. E. Reilly, have been
ordered by authorities at Madison to
pay a fine of \$10 each to the Red
Cross. The food administration is
watching closely for violations of the
substantive ruling and the two bakers
just fined have been under suspicion
in some time.

One other similar case was recently
disposed of at Madison. Herman
Monde of Luxembourg, Wisconsin, was
charged with violating the food regu-
lations forbidding the hoarding of
flour and ordered to pay \$50 to the
Red Cross. He was directed to take
the surplus flour back to the Luxem-
burg Milling Company.

UNABLE TO FIND JOB RECEIVES THIRTY DAYS

Bob Courtney listened to a severe
lecture from Judge Maxfield this
morning when he was arraigned on a
charge of drunkenness. It is the first
time that Bob has been in the court
in several months. When questioned
as to what he had been doing, he
stated that he quit his job about two
weeks ago and was unable to find an-
other.

His last statement was the cause
of such a lecture by the judge. The
judge told him how absurd it was for
anyone to say that in times like we
are having that the country had no
job. He was told that Sheriff
Whipple would find him a job for the
next thirty days.

Thomas Foley, another old-time
visitor in the court, made his first ap-
pearance in several months this
morning. He was arrested early yester-
day morning on a charge of drunk-
ness. He stated that he had been
working in Beloit and had come to
Janesville to see his sister. This
statement also brought a severe re-
primand from Judge Maxfield. He
has given a fine of \$15 and costs or
twenty days.

ITALIAN OFFICER TO SPEAK HERE NEXT WEDNESDAY NIGHT

Lieut. Roberto De Violini to Be Guest
of City on June 28—Will Lecture
in Opera House.

Lieut. Roberto De Violini of the
Italian army will be Janesville's dis-
tinguished guest next Wednesday
evening, June 28, when he will speak
at the Myers opera house on Italy's
part in the war. This city and other
several in this section to be visited
by Lieutenant De Violini on his tour

Lieut. Roberto De Violini

of lectures throughout the country,
to explain Italy's situation in detail to
the American people.

While here Lieutenant De Violini
will be the guest of the Rev. John
Bottani, pastor of the Italian church.
A reception for the Italian officer will
be given on Wednesday at the Myers
hotel before the lecture hour.

Lieutenant De Violini, who wears a
silver medal for distinguished valor,
and another for bravery under fire,
has just arrived in this country and
reached Chicago yesterday. He is a
member of the Sixth Alpine regiment
and has been wounded four times, one
bullet passing through his nose and
right eye. During four months of the
Trentino campaign, he occupied a
mountain peak 15,000 feet high with
sixty men, food being sent to them by
aerial railway.

The Germans won a great victory
over the Italians last fall by propa-
ganda, and now Italy intends to fight
fire with fire and give the enemy a
taste of their own medicine. Lieuten-
ant De Violini said yesterday in Chi-
cago.

"The Germans are using the same
methods in this country that they used
so successfully in bringing about the
Italian disaster," Lieut. De Violini
said. "In general they have spread
the opinion among Americans that
Italy does not amount to much in the
present fighting and that after all my
country is fighting a selfish war from
purely mercenary motives."

"Italy was forced into the war by
the pressure of her public opinion, in
the face of her alliance with the cen-
tral empires. Every inducement was
offered her to stay out. She was
promised Corsica, Trieste, and all of
the Balkans. In fact anything to
prevent her taking up arms on the
side of the entente allies, but to no
purpose. It should be remembered
that Italy declared war at a time when
things looked darkest for France."

"I intend to deliver a series of
lectures and will explain Italy's situation
in detail. Suffice it to say that the
Italian disaster from which my
country suffered, can never occur
again. Our soldiers are now under a
bombardment of propaganda ten times
heavier than ever before and yet they
laugh. They have had their lesson.
Italy's man power is ample. What
we need is coal, steel, wheat and
money."

CIVIL WAR VETERAN CALLED BY DEATH

Will Have Charge of United States
Certificates of Indebtedness Cam-
paign, Which Opens on
Monday.

S. M. Smith of the Merchants and
Savings bank has been appointed di-
rector of Rock county to handle the
United States Certificates of Indebtedness.
B. P. El-
dred of Beloit has been named as
assistant director.

My recent writer each bank in the
Seventh federal district is asked to
purchase these certificates, which
bear 2 1/2 per cent. to the amount of 2
per cent. of the bank's resources. The
first purchase is to be made on June 25 and to continue
every two weeks until Nov. 1.

Mr. Smith stated this morning that
at a meeting held recently in Chicago
that in talking the matter over it was
made very plain that while the gov-
ernment did not insist that the banks
buy these certificates, it urged them
to do so, and the unless the required
amount was secured by Nov. 1 that in
all probability the money would be
conscripted from the should they fail.

The purchase of the certificates will
amount to 20 per cent. of the bank's
resources up to Nov. 1, when the
campaign is scheduled to close.

Mr. Smith is preparing a letter,
which will be sent to each bank in
Rock county, explaining the cam-
paign to them and urging them to get
behind the movement and purchase
the required amount of certificates
every two weeks.

Chicago, June 21.—Another supply
of 16,000 cattle threw the trade into
a bad state of demoralization. It made
a total for the week thus far of 78,000
head, against a normal supply of 47,000
head a year ago. Fully 60 per cent
of the cattle received this week were
of a common to medium quality and in-
dicated too much familiarity with
grain to suit buyers.

Many common, lightweight steers
have been on hand since the first of
the week without receiving a satis-
factory bid and some are being made to
go to the country after being offered at
a price of \$2.50 per hundred lower
than last week. The government has
set 450 lbs. as the low weight limit
for carcasses and many of the grass cattle
here this week would not dress out
that much.

Everything common and medium
sold 15c lower again yesterday,
including cows and heifers that were
too light in weight to suit buyers.
Most of the grassy stock is from \$1
to \$2 lower than early in the season.
Some of it is quoted at \$3.00 and
not wanted at the prices.

The general cattle trade is in the
worst demoralized condition of the
year and efforts are being made to
check the supply before the market
is flooded with unsalable stock.

THE FUTURE. Janesville can well look into the future and figure on what is to happen with a certainty that has not hitherto been its good fortune. The prospect of the establishment of a large manufacturing concern in the city, which is a growth in the change, will certainly give a stimulus to future business activity. Manufacturing a product as essential in times of war as of peace, an aid to the future generation of agriculturalists and a decided impetus to the food production of the new factory of the General Motors Corporation bids fair to place Janesville on the manufacturing map of the state.

Already anxious inquiries are heard as to housing the labor required once the plant is in operation, and there has been a move to alter many conditions of civic life to meet the changes that will be made. It is fortunate that the city is just now handicapped by the lack of a good bridge at Jackson street, but this will be remedied. The new council members have taken time for the forelock and decided this question without it's or and's and the bridge will be built.

As to the housing of the workmen, that will also adjust itself and there is no need for any anxiety on that score. Throughout the east, many model communities have been constructed for various industries and just such a city will spring into existence here when the time comes. Unsanitary houses will be replaced by modern structures and vacant lots will blossom out into fine buildings as though by magic. Do not worry, Janesville can take care of the addition to its population as fast as they arrive.

Meanwhile let us look into the moral conditions and keep them clean and above reproach. The period for issuing liquor licenses approaches and to men who can not show a clean bill of behavior should be granted a look-in by the council committee. Too much liquor has been sold on Sunday and after hours and too many bottles have found their way into soldiers' pockets to suit the federal authorities. Janesville is on probation as to this matter and despite the fact Beloit, Edgerton and other adjacent communities voted dry, we decided to remain dry. Plans are now in contemplation to place for a sudden increase of this traffic by local dealers who expect to make this year make up for many lean ones in the past.

If this advent of thirsty souls amounts to what these men think possible, it will mean added responsibility for the authorities and increased expense for the taxpayers. But perhaps these men over-estimate Janesville's drawing power in this direction. Janesville does not want this trade and it should not be encouraged. And one way to discourage it will be by granting licenses only to men who are known to be responsible and capable of conducting the business they are engaged in according to the limitations of the law. Men who know and appreciate the local conditions and not strangers who wander in because they have been driven out of business by other communities going dry.

There are certain places—known to the authorities, if their statements receive recognition of their petitions. One or two such resorts in operation put a black eye upon all the rest of the similar liquor shops and it is to the interest of the saloon element to see they do not gain permission to again vend their trade.

The advent of the new industrial life to Janesville, the great military training camp at Rockford, with Janesville as the nearest "wet" community, sending its hundreds of young soldiers away for the week-end, all add to the responsibility for the future of Janesville that no one can shirk.

Coffee? Coffee? Coffee!
The m-e-n-a-p-e-a-t ever seen.

That is the call that brings every man in the service of the United States up on his toes and moving three times a day, and while the call is a relic of the barbaric days of the gull-bellum period, still it means plenty of good, hearty rations for those who wear the khaki and respond promptly. But there is another side of the whole story.

Here at home we must Hooverize. We must conserve and we must do this and do that. Mess call in the majority of households will soon mean just what the Pull Mail Gazette says it would.

We may live without onions, or beef-steaks, or pies;
We may live without taters and live without flies;
We may live without credit and live without cash.
And it wouldn't be hard to exist without hash.

You may live without pies, for dessert is another.
You may live without flies, for flies are another.
You may live without cash, for riches are fleeting—
But who in the hell, pray, can live without eating?

We are told to eat beans to save meats. Beans, an unhealthful, delishious repast. Prices triple and quadruple, that of a few years ago. Pork—well, "Pigs An Pigs" those days. Fry and buy a pound and see. Yet we must conserve and eat what is set before us. We are told to conserve beef. Try and buy mutton and chicken and lamb or any kind of hog meat. Look at your check slips and wonder, yet we must conserve.
We are told to eat eggs. Read the

price of eggs and shudder. Read the recipes given out for the flour substitutes and your stomach will almost go in revolt. Look over the list of meats for saving odds and ends and the average housekeeper who bought a roast for four on Sunday and made it do until noon Wednesday throws up her hands in holy horror.
Then read this and ponder over it.

We may live without poetry, music, and art.
We may live without conscience and live without heart;
We may live without friends; we may live without books;
But civilized men cannot live without cooks.
We may live without books—what is knowledge but grieving?
We may live without hope—what is hope but deceiving?
We may live without love—what is passion but pining?
But where is the man that can live without dining?

Uncle Sam wants to get all the money that he can for the war. Lovable ambition and it. But why trouble to help him? Let it be. Why cripple the mail service in doing it? Our boys in France complain they can receive no newspapers. In fact no letters, and that is what put the pep into them to keep on fighting. Better start and re-organize the postoffice department and change the foreign mail service rates for newspapers and give "Our Boys" a chance for their white ellens.

Did you know that any civil authority, police or sheriff, or any persons who are under the state acting as warrant or commissioned officers of the state guard can demand your last card from the registration board, you registered men? If not, acquaint yourself with the law and be prepared. A delay may occasion inconveniences if not prepared.

Certainly the Madison Journal does make a rapid attack upon the Turnverein of the Capital City for displaying a service flag in a hall that demands that the German language and German culture be taught. Well, it is right and the Wisconsin State Journal is to be congratulated upon the stand it has taken.

How about putting a band stand in the park, a slightly cement one, where the present fountain stands? Instead of repairing that, why not conserve and have a few bunnies beneath the stand, a lunch table or two and the band stand above? A good idea—what do you think of it?

The council acted wisely in deciding to postpone action on the consolidation of the down town fire stations. Haste makes waste and hasty thinking matters over before changing the usage of forty years. Besides, Janesville is growing.

Just Folks

By Edgar A. Guest.

FRITZ LEARNS THAT THE KAISER LIES.
When we brought him in he was pale as death
And was frightened stiff, and was out of breath.
His hair stood straight on his solid head
And he started to wince of his folks at home.
We gathered about, for it seemed like fun
To listen awhile to a raving Hun.
"Yanks!" he screamed, as our bunch he eyed,
"Dots another time dot der Kaiser lied!"
"Paris he promised would soon be ours
Verdun would tumble before our powers.
But day didn't feel ven ve made our rush.
Though mobbe der Kaiser thought we'd crush
De British line and der troops of France
Und really felt dat ve had a chance.
So dose are lies vot he didn't mean.
He could say dose things mit a conscience clean.

"But," and he spat out a broken tooth
That had stopped the fist of a Yankee youth
And then tenderly fondled an eye turned black
That had felt the force of a Yank's attack.
And wiped the blood from a flattened nose
Which had been too close to a Yankee's blows.
"But der Kaiser lied to us, day und night
Ven he told us all dot der Yanks can't fight."

WHO'S WHO in the Dax News**LORD PIRRIE.**

Lord Pirrie, the newly appointed controller-general of merchant shipping of Great Britain, has been called "the greatest shipbuilder the world has ever seen."

Lord Pirrie.

Lord Pirrie is seventy-one years old. He was born on this side of the Atlantic in Quebec, Canada, in his infancy, however, he was taken to Belfast where he obtained his schooling. At the age of fifteen when the building of iron ships had just begun, he entered the shipbuilding work but one hundred men. He was an apprentice in the draughting department. At twenty-two he had become head draughtsman of the firm and five years later was made partner, and after that it was but a short time before he was master of the works.

PRICES FOR BUTTER AND MILK MUST BE RAISED

Amsterdam, June 21.—The Berlin Voertwaers in announcing the increase in the price of bread to 5 pfennigs says this price will bring the land owners one million marks surplus profit and necessarily will be followed by increase in the cost of milk, butter and beef.

The socialist paper says the newspaper has formally protested to the government on the ground that the increase is sure to create the greatest of all feelings.

Named as President.
Galesville—Prof. C. B. Helgren of Pleasant View academy, Ottawa, Ill., was on Thursday elected president of Gale college, a Lutheran institution of this city, to succeed L. M. Gimmesdahl, resigned. He will take charge July 1.

+HARD WORK+

A broom that outwears several old style wire wound brooms is the one you want. Little Polly represents the new idea of broom making. For fifty years fibres have worn down to a point at the tip, because in wire wound brooms the fibres cannot be measured before being built into the broom. To trim them off after the broom is made, means sacrificing the softest, finest part.

Many Are Lending Their Lives—What Are You Lending

Thousands of our boys are going down into the trenches today—clean-faced, determined, splendid young men. Many are soon to join the army of the lame, the blind or the dead. You can at least go down in your pockets for them. Think it over—be ready on

JUNE 28th
NATIONAL WAR SAVINGS DAY

There's an army. Yes, a dozen armies—of stalwart, wind-bronzed, young men standing between you and the grizzly Hun. These young fellows are giving their ease, their comfort, their friends and homes, their bodies, the hope of life—giving it for you—for you. You can at least loan your dollars for them.

PATRIOTIC MEETING TO OPEN BIG DRIVE FOR WAR STAMPS TONIGHT

Captain Edwards of British Army to Speak at Opera House Tonight as Start of War Savings Stamp Campaign.
To aid in getting the War Savings Stamp campaign in the city under way a patriotic public meeting will be held tonight at the Myers opera house at which Captain Edwards, the "fighting parson," will be the principal speaker. The program will start at eight o'clock. All captains and lieutenants for the War Savings Stamp drive, will have seats on the stage.

The Bower City band will be upon the stage and in front of the opera house before the meeting and will render several numbers inside the opera house before Captain Edwards speaks.

BRYAN, DEWEY AND HOPKINS ARE MARINES

(BY INTERNATIONAL NEWS)
Kansas City, Mo., June 21.—William Jennings Bryan, George Dewey and John Hopkins recently joined the United States Marine Corps here. Lieutenant Hornbostel, who charge says he is now looking for Woodrow Wilson to enlist.

Bryan is a farmer hailing from Waukegan, Ill., weighs 183 pounds, and was pronounced a perfect specimen of manhood.
Dewey hails from Niobrara, Neb., and his actions were prompted by a marines poster on which Admiral Dewey told of what he thought of the Marine Corps.
Hopkins claims no relation to the famous man for whom the famous medical college and hospital is named. He explained his actions by merely saying: "They fight and I want to."

No Compensation.
Madison—That no compensation should be paid to the owner of cattle slaughtered because they were affected with rabies is the opinion of Attorney General Spencer Haven Tuesday.

In an opinion to J. B. Borden, secretary of the State Council of Defense, the attorney general holds that an Indian, member of a tribe, is a ward of the United States government and is not compelled to pay taxes. In the same opinion he points out that no one is compelled to buy Liberty bonds or subscribe to the Red Cross.

ANNUAL SESSION OF JANESVILLE BAPTIST ASSOCIATION HELD

57th Annual Meeting of Churches
Held in Clinton—Rev. M. H. Day
of Rockford Gave Interest-
ing Address.

(SPECIAL TO THE GAZETTE.)

Clinton, June 19.—The fifty-seventh annual session of the Janesville Baptist association was held in the Baptist church here on Monday and Tuesday of this week. The association consists of about ten churches within a radius of about fifty miles. Each church sent delegates and a most successful gathering was held. Clinton church entertained all delegates.

A feature of the meetings was the address of Rev. M. H. Day, of the State Street church of Rockford. Mr. Day has had considerable experience among the men of the continent at Camp Grant, where he has been acting as camp pastor. In a most optimistic message he affirmed his conviction that although the war was going to be a long and hard one, victory would eventually result with the allies. He showed the health conditions of the continent to be excellent; the food to be fine; the moral conditions admirable; and the spirit of the nation in keeping with these other conditions. The men were receiving spiritual truths as they had never done while at home, and many of them were in keeping with these other conditions. Our army is the finest that has ever stepped onto a battlefield and God.

Miss Trevelock of the immigration department of Ellis Island, New York, gave a most interesting address on the methods of taking new arrivals and starting them out as Americans.

Rev. E. Thomas of Beloit conducted the singing. Mr. Thomas sang several songs, very acceptably, and the Misses Thomas of Beloit, who were greatly appreciated.

The officers elected for the coming year were: Moderator, Rev. R. G. Pearson, Janesville; Clerk, R. C. Pearson, Beloit; Treasurer, H. O. Meyers, Evansville.

The program follows:

Monday.

1:15 p.m. Devotional service.

2:15 p.m. "Association Problems,"

led by Rev. R. G. Pearson.

2:45 p.m. "State Problems," led

by Dr. Hurlburt, Milwaukee.

3:15 p.m. Northern Baptists' con-

vention, led by Rev. E. E. Dill,

Beloit.

3:45 p.m. Address, "The Unusual

Becoming the Cause," Dr.

Hurlburt.

7:30 p.m. Song service and devo-

tional, led by Mrs. Thomas.

7:45 p.m. Annual session, by Dr.

William Pearce, Evansville.

8:15 p.m. Address, "The church

and the new world order," Rev.

Hill.

Tuesday.

8:30 a.m. Business session of women's

society.

9:30 a.m. Devotional service, led

by Mr. Palmer, Janesville.

9:45 a.m. Business session and elec-

tion of officers.

11:00 a.m. Conference on Sunday

school work, led by Rev. C.

D. Mayhew, Stoughton.

1:30 p.m. Devotional service, led

by Mrs. Pritchett, Janesville.

2:00 p.m. Address, "Our war with

tuberculosis among soldiers,"

by Rev. C. H. Schierck, Augusta.

2:30 p.m. Women's session, Ad-

dress by Mrs. Ayer, Mrs.

Pritchett, Mrs. Long, Miss Ham-

ilton, Miss Trevelock.

7:30 p.m. Song service and devo-

Uonal. led by Mr. Meyers of
Evansville.
8:00 p.m. Address by Rev. M. H.
Day on "Our Boys at Camp
Grant."

sen from Walworth have been called
to leave for Fort Riley, Kansas,
June 25th.

Oscar Johnson enjoyed a week end
visit from an Uncle and Aunt of Chi-
cago last week.
Marion Nelson visited Harry Joeps
in Milton over Sunday and his neph-
ew returned with him to visit a few
days.

Harold Burdick of Dunellen, N. J.,
and Leland Shaw of Plainfield, New
Jersey were guests on Wednesday at
the Wm. H. Crandall home.

Mr. and Mrs. Frank Kinney, Mr.
and Mrs. L. E. Kinney of Walworth
and Will Kinney and daughter Laura
of Woodstock, will enjoy a home
gathering at the home of John Seal in
North Walworth Sunday.

The Williams Bay Swedish Sunday
school will enjoy a picnic Sunday at
the Pleasant home of Oscar Johnson
of North Walworth.

Mrs. H. H. Lawrence of Clinton, Ind.,
is a guest of her daughter, Mrs. B.
S. Merwin.
Clarence Blyea remains quite ill.
His friends hope he may soon be better
and able to be out again.

MAGNOLIA

Magnolia, June 20.—John Barringer
is on the sick list. Dr. Colony is the
attending physician.

Mr. and Mrs. Gene Rowland and
family are entertaining the former's
sister's children this week.

Mr. and Mrs. Grant Howard wel-
comed a new boy into their home
Monday, June 17. Mother and babe
are doing well.

The evangelistic campaign contin-
ues to grow in interest. Children's
night on Tuesday evening was a de-
cided success. We are proud of the
boys and girls of Magnolia.

On Friday evening the evangelist
will speak on the subject "The Judge-
ment." The offering of the evening
will be turned over to the treasurer of
the Helper's Union.

The offering of the evening will be
turned over to the treasurer of the
Helper's Union.

On Saturday night in the cam-
paign is set apart as farmer's night.
The evangelists grew to manhood on
a farm and is anxious that every fam-
ily in reach of the church show him-
selves by being present with his fam-
ily. On Sunday there will be three
services. In the morning at 11 o'clock
there will be a service for all.

At 2:15 there will be a service for
all men and boys over 14 years of
age, subject, "The Runaway Man." Every
man who is interested in a bet-
ter manhood for Magnolia and com-
munity should not miss this service.
The final service of the day beginning
at 4:15 is for everybody.

Meeting every evening next week
at 8:15. Special music and a stirring
gospel message at every service. These
are days of opportunity. Come.

WILL EMPLOY NURSE TO PROTECT CHILDREN

Washington, June 21.—Employment
of health nurses to protect and save
lives of children is advocated in a
statement issued today by the Child-
ren's Bureau of the Department of
Labor in connection with its cam-
paign to save the lives of 100,000
children this year.

Many parents have learned from
the increasing test conducted as a
part of the campaign, the special
needs of children which can be met
by public health nurses, the state-
ment says. The nurses can do much
to bring underweight children up to
the average, and look after the well
being of children undernourished.

England has a nurse for every 500
births, and reports annually, enabling
every mother to have immediate at-
tention, which oftentimes means the
saving of the child's life. As a re-
sult, England has a lower infant
mortality rate than the United States.
New Zealand, which has made special
efforts for qualified health nurses,
has a lower infant mortality rate than
any other country.

News Notes from Movieland

BY DAISY DEAN

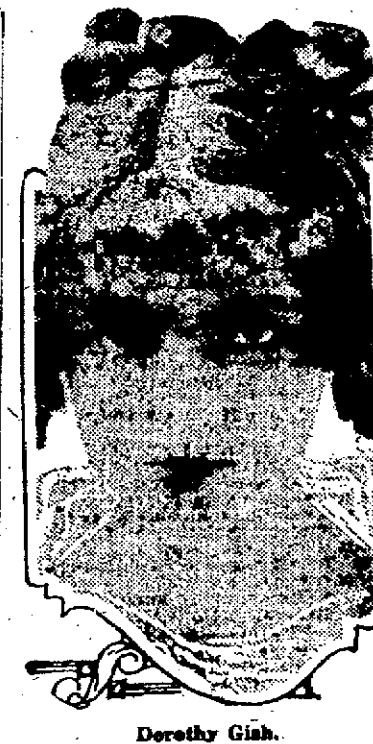

There are you remember two
of them, Lillian and Dorothy
Gish. This is Dorothy is the young
protégé of D. W. Griffith. Like so
many of the motion picture stars she
started her career in the old Biograph
studio. Her first appearance was in
"The Mountain Rat."

Her association with the produc-
tions of Mr. Griffith thus formed at
the outset of her career in photo-
plays, has continued unbroken to
this day. She went with him to the
Reliance-Majestic, to Triangle, to
Fine Arts and now the announce-
ment has been made that she is to
become a Paramount star. She will
star in seven releases under Para-
mount during the coming year.

When Mr. Griffith projected "The
Birth of a Nation," with which he
was destined to write one of the
most brilliant pages of screen his-
tory, he chose Miss Gish for an out-
standing feature of that production
and earned for her a place in the
affections of the millions of picture-
lovers throughout the United States.

Later she achieved equal success in the second big Grif-
fith special production, "Intoler-
ance," while her characterization in
the role of the little French girl,
Grizel in "Hearts of the World,"
is making the impression it so richly
deserves in the large centers where
the production is now being shown.

Miss Gish is now in New York, hav-
ing arrived a few days ago from
California, and will remain there a
few weeks, preparatory to starting
work on her initial Paramount pic-
ture.

Dorothy Gish.

DREW'S SON LISTED AS DEAD
S. Rankin Drew, son of Sidney
Drew and Sophie, of Oak Grove,
was reported missing is now
listed as dead in newspaper dis-
patches from France. He was flying
in the French aviation section.

Nothing has been heard from him since he
had been observed in an aerial com-
bat in May.

S. Rankin Drew was twenty-seven
years old and prepared for Harvard
at the Cutler school in New York.
However, the call of the stage was
too strong and he followed in the

family footsteps. After a brief car-
eer on the speaking stage he went
into moving pictures, appearing at
times with his father. Later he was
a director for the Vitaphone com-
pany.

Rankin Drew entered the French
ambulance service in May, 1917, and
was sent abroad at once. For a time
he drove an ambulance between
Paris and Bordeaux; later he was at
the front. He joined the flying ser-
vice early this year, received his
pilot's license and was sent to the battle line.

SETTLE MILK PRICE WRANGLE NEXT WEEK

Government Expected to Fix Summer
Milk Prices for Chicago District
By Next Week.

Milk prices for the coming summer
months will be the mooted question
for the next week between producers
and distributors. Janesville, being in
the Chicago district, will be affected
by the food administration.

Heardings will be resumed in Chicago
in a few days and by next week prices
for this district are expected to be
fixed.

The local Milk Producers' associa-
tion will meet the first of next week
to talk over the situation. Milk prices
for July, August, and September are
those to be fixed. The June price has
been \$1.20 but a considerable jump
in the figure for July is predicted.

The Milk Producers' Association
meeting in convention at Elgin, Ill.,
since Monday of this week has sub-
mitted following prices as their goal:
July, \$2.75, August \$3.00, September
\$3.25. The producers declare these
figures are the lowest they can afford.

Local attorneys for the food
administration, is conducting the hear-
ings in Chicago, and considerable
wrangling is likely to result before
producers and distributors agree on a
price for this district.

ON THE SPUR of the MOMENT

THE NEW STYLE
Millady brought a summer hat.
Some might call it a bonnet.
The size of an overcoat button.
It had black bands upon it.
She hung the thing upon her ear.
And her whole head was bare.
You had to look for it three times
To see if it was there.

Ah! it was small, yes, very small
—But still she liked it nice.
The only thing on it was—
The price.

Richard Forsom Cleveland, son of
former President Grover Cleveland,
is enlisted in the marines as a pri-
vate. Democracy runs true to form in
that family, and always did.

If there is a woman in North Platte
who was an S-C hightop shoe, will
she kindly lend some for use in the
Home Guard minstrel show? Phone
this office and they will be called for
and the name of the owner will be
from the public.—North Platte (Neb.)
Tribune.

The next eclipse of the sun visible
hereabouts is scheduled for August,
2017. Judging by the performance
this month, it won't be worth waiting for.

Trade item says a substitute for
corset strengtheners is sought. How
about a soldier's good right arm?

A shortage of material for men's
hats threatens to further lift the lids
to unheard-of prices. If the supply of
hats should diminish to the vanishing
point, men would be healthier hap-
pier, harder working, and two bushels of
hair would grow where only one pint
grows before. Headache cures would
be found only in museums, and about
200,000 manufacturers on a quick hair
restorer would go to France and fight.

A commercial traveler went into a
country store in a backwoods district
one pleasant day recently. After re-
ceiving his order he remarked to the
proprietor that they were having a
great time over in Europe.

"That so?" asked the storekeeper.
"Why, yes, a great fight," replied
the commercial man.

"Well, they've got good weather for
it, ain't they?" was the reply.

It will not be long before the Kaiser
will be shedding those crocodile tears
on German soil.

Now they are telling the story of
the Yank soldier who "had to kill
twenty-eight Huns before he found a
pair of shoes to fit him." "I had an
ancient and fishy smell, but we hope
it may be true.

Some very sweet language is per-
meating debate in the senate on the
proposal to hold talking members dur-
ing the war to the home to raise ques-
tions and twenty minutes on amend-
ments. The author of the resolution
referred to "many able speeches" of
hours in length, and Senator Mar-
shall says that senators who have
talked hours at a time are not to
blame; their language ran on by reason
of latitudinarianism in rules. What
was it Dogberry said to Leonato about
Verger?

"A good man, sir."

Every Family a Family of Fighters!

THAT is the war-time spirit of true-blue Americans—the spirit that will win the war. The day of talking patriotism has passed—the time has come to *practice* it.

Your government has officially set—

Friday, June 28th National War Savings Day

ON June 28th every American will be summoned to enlist in the great “army that stays at home.” On that day every loyal American should “sign the pledge” to invest a definite amount in War Savings Stamps each month during 1918.

*W. S. S. Cost \$4.17 in June
Worth \$5.00 Jan. 1, 1923.*

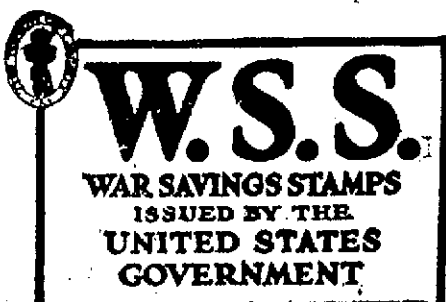

Remember the date—June 28th—Help the fighters fight!
